TESS & TED  
SCHOOL SHOES

## When Your Children ROMP and PLAY

Healthy children are hard on shoes. But shoes are cheaper than doctor's bills, and for unselfish reasons we sincerely hope your shoe bills are greater than your doctor's bills.

But we started to tell you about these new "Tess and Ted" School Shoes. These shoes, for boys and girls are something new in the history of shoe-making.

Heretofore children's shoes have been mostly heavy, clumsy affairs. They were made that way to resist wear. The lighter weight "dress" shoes were out in a hurry—couldn't stand the wear to which they would be subjected by a good healthy young American.

Folks never thought of the ill-comfort—sometimes suffering—they caused the young folks by cramping their feet in ill-fitting, clumsy shoes. And few of us knew until lately that nearly all of the foot troubles in later life were due to just such shoes worn in youth.

## Put Their Feet in Comfortable "TESS and TED" Shoes

These new school shoes are the result of years of experiments. They are not clumsy—they are light, pretty, even dainty, yet they wear longer than the out-of-date clumsy things. That's first of all because they are made of honest materials, and because the men who made them know how to so equally divide the strain that each pair will give the greatest possible amount of service.

We tell you they are up-to-date, scientific school shoes. There are cheaper shoes, we know, but if you'll buy "Tess and Ted" School Shoes for all of your children for a whole year we know you'll decrease your shoe bill. Let us prove it to you. Prices range according to size from

## DEMOCRATIC PLATFORM

Adopted by Democratic Convention Held in Louisville Last Week. Extension of County Unit Pledged.

Section 1—ON NATIONAL ISSUES. We, the democrats of Kentucky, in delegate convention duly assembled and held in the city of Louisville, Kentucky, on August 15, 1911, do hereby pledge anew our faith in and devotion to the time honored and eternal principles of our party first promulgated in the Declaration of Independence and since reaffirmed in our successive platforms of the party, in and devotion to the national Democratic platform adopted at Denver, Colorado, in the year 1908.

Sec. 2—We denounce the Republican party and the present Republican President, for their flagrant and willful betrayal of the trust reposed in them by the American people and call attention especially to the fact that they have willfully disregarded their pre-election promises to the effect that they would revise downward the unjust tariff system and would relieve the masses of the people of the heavy burdens of unjust and unnecessary taxation.

On the contrary the Republicans enacted the odious Payne-Aldrich tariff law of 1909, pronounced by Mr. Taft to be "the best Republican tariff law ever passed," which law was a gross breach of the Republican President and his political party. This tariff law, in order to enrich the few, increased the burdens of the many, and authorized those favored few not only to continue, but to increase, their robbery of the many under the forms of law.

Sec. 3—We point with pride to, and heartily endorse the patriotic record made by the present Democratic members of Congress and Democratic Senators, in their efforts over determined Republican opposition to in good faith, redeem the promises of the Democratic party to repeal unjust and oppressive Republican laws, and to enact wise and just laws for the benefit of the great masses of the people, and we invite all to contrast the aims and record of the Democrats in the House and Senate of the present session of Congress with the aims and record of the Republicans and especially with the Republican session of 1909 which enacted the Payne-Aldrich tariff law.

We especially endorse the record of our Democratic Congressman and Senator from Kentucky for their fidelity in keeping the promises of their party and representing the people and not the interests, and we denounce the record of the Republican Congressman and Senator from Kentucky, because they have represented not the people, nor have they sought to relieve their burdens, but have represented the privileged, protected of the country.

Sec. 4—ON STATE ISSUES. Kentucky is, and of right ought to be, a Democratic State, and the Democratic party in appealing for the support of the electorate of the State eagerly invites an intelligent comparison of the records it has made with those made by its political adversary during the temporary occasions it has controlled the affairs of the State.

As against the Republican record in Kentucky of assassination, bloodshed and disregard of law, we present the Democratic picture of peace, scrupulous regard for human life and a strict observance of, and respect for law; as against the State, we present a picture of a magnificent State Capitol erected and paid for without any extra tax, and every just claim against the State promptly met and paid in full; as against platform pledges and promises broken and made to be broken, we present a record of all pledges and promises faithfully kept; as against hypocrisy, demagoguery and incompetency we present a record of sincerity, fidelity, competency and statesmanship.

We denounce the action of the Republican Governor for his partial and unjust action in pardoning the men indicted for participation in the assassination of William Goebel, the Governor of our State, and we assert that those pardons were granted for political reasons, and not upon the merits of the cases.

We charge the Republican party

both in the State and in the nation with gross extravagance and willful waste in the expenditure of the people's money, and we pledge ourselves to retrenchment and reform, and to an economical business administration of public affairs.

Sec. 5—We are in favor of a direct primary election law, providing that all primary elections shall be conducted under lawful authority and public expense, and to be regulated in the same manner and subject to the same penalties for violations, as in case of regular elections.

Sec. 6—We favor the enactment of an explicit and effective corrupt practice act, which shall determine what campaign expenses shall be legitimate, and which shall provide for the compulsory publication in detail, under heavy penalties, of the campaign expenses of every candidate for public office.

Sec. 7—We favor the enactment of such additional laws as will make more efficient and more practical our entire common school system.

We pledge our support to our school system and the educational institutions of the State, wisely and economically administered. Money appropriated for the education of the people is an investment and not an expense; school trustees, school boards and all school officials should be held rigidly responsible for adequate returns on every dollar so invested. We charge the Republican party with neglect of and indifference toward our school system.

Recognizing that a large majority of the teachers of our common school are women and that women are now eligible to be elected school trustees county school superintendent, and to hold office, and are frequently so elected, we favor the extension to women of suffrage in all school elections, subject to such wise regulations as to qualifications as the General Assembly may determine.

Sec. 8—We favor such laws as will, under appropriate penalties, destroy all corrupt lobbying seeking to influence any legislative body in the Commonwealth on the subject of legislation or the election of officers by it or in any other matter; but we recognize the constitutional right of the people to petition and to be impartially heard on all questions.

Sec. 9—We favor, under wise and proper restrictions, the creation of a State Utilities Commission, having

Sec. 10—We favor a change in the present method of selecting the Prison Commissioners of the State, and the removal of all politics from the management of our penal institutions. While commending the present Board of Prison Commissioners for its successful management of the institutions under its care we recognize that the system of election by the Legislature under which they are elected, is unwise, and we therefore favor such a change as will place their appointments in the hands of the Governor, subject to confirmation by the Senate or some other method such as the General Assembly may provide.

Sec. 11—We favor a law requiring that a uniform system of accounting be installed and conducted in all public offices charged with the collection and disbursement of public moneys.

Sec. 12—We favor the General Assembly submitting to a vote of the people whether or not they desire to adopt an amendment of our State Constitution broadening the powers of the General Assembly, so that it may classify property for the purpose of taxation; but we are opposed to any law the effect of which would be to lighten the burdens of taxation on the wealthy and on corporations at the expense of the poor, the farmer or the laboring man.

Sec. 13—Temperance is essentially a moral, non-political and social question, and should not be made a partisan issue between political parties.

We favor the extension of the present local option law, as applied to the sale of liquors, which has been upheld by our highest court as valid and constitutional, so that the citizens of each and every county in the

State may determine for themselves whether spirituous, vinous or malt liquors may be sold there in.

Sec. 14—We favor organization and co-operation among the farmers and laborers of the State, and the enactment of such constitutional laws as will protect them from the greed and oppression of the trusts and monopolies of the country, which are a direct fruit of Republican legislation.

Sec. 15—We favor such wise and conservative laws as will encourage road and bridge building in Kentucky and we favor reasonable State aid for the construction of roads and bridges, but only on condition that each county or local community, which is primarily benefited shall first do its part and discharge its duty to itself in this regard.

Sec. 16—We favor the creation, removed from politics, of a Department of Banking, providing for competent inspection of all our State financial institutions, and similar to the system now existing for national banks.

Sec. 17—We favor the enactment of such wise laws as will put into effect all sections and provisions of the State Constitution, and we declare that we are in favor of the enforcement of all laws.

Sec. 18—We favor the enactment of wise laws for the protection from accident and injury of all laborers engaged in hazardous employments, and we favor a wise, conservative law regulating the arbitration of labor strikes and disputes.

Sec. 19—We favor a law prohibiting peonage and female slave traffic, regardless of color.

Sec. 20—We are opposed to all mob and lynchings and are in favor of imposing the severest penalty possible, under our Constitution, on all officers who fail to protect prisoners entrusted to their keeping.

Sec. 21—The Democratic party has always been the party of religions, as well as civil liberty, in Kentucky and in the republic. It refers with pride to its noble heart. We are in full accord, both in letter and in spirit, with the teachings of Thomas Jefferson, the founder of our party on this question, and with the provisions of our State and Federal Constitutions, and we are unalterably opposed to raising any religious test as a qualification for holding any office in the State or nation.

Sec. 22—We favor the nomination and election of United States Senators by direct vote of the people.

Sec. 23—We denounce and are opposed to Cannonism or one-man power in all representative assemblies, whether it be in the Congress or in representative conventions. We favor the "rule of the people."

Sec. 24—On the platform of principles and on the aims and purposes of our party in the State and in the Nation, we appeal to all Kentuckians, irrespective of previous political affiliations, who are proud of the past and desire a still more prosperous, more progressive present and future for all our people, to support our magnificent State ticket, including our nominee for the United States Senatorship, and our nominees for General Assembly and for other offices.

Sec. 25—CONCLUSION. In conclusion we call the attention of Kentuckians to the fact that Democratic principles are triumphant in the Nation and in almost every State, and that the Republican party everywhere is professing to adopt Democratic principles in its platforms, but we warn them that the Republicans of this State have placed in their platform some progressive Democratic doctrines, not with a view to carry them out or to attempt to carry them out in good faith, in the improbable event of their success at the polls next November, but only for the present purpose of catching votes and deceiving the people, so that they might get the offices and emoluments thereof. The broken promises of the present Republican State and National Administrations as well as the entire history of the Republican party are sufficient to convince all fair-minded citizens of insincerity of the Republican party, and that it is not the party of the people; while, on the other hand, the record and history of the Democratic party in the nation and the State conclusively establish its devotion to duty and its purpose in good faith to redeem all platform pledges made to the people.

### SEE THE AIRSHIP!

AT THE FULTON COUNTY FAIR  
FIVE BIG EVENTFUL DAYS AT  
FULTON, KY., AUGUST 29  
TO SEPT. 2.

Thousands of People Will Witness  
the Daily Aeroplane Flights,  
Horse Races and Other  
Attractions.

GREATEST OF ALL FAIRS.

Everybody is going to attend the Fulton County Fair at Fulton, Ky., Aug. 29 to Sept. 2, because the Fulton people have spent more than \$15,000.00 on their fair grounds and in securing attractions never witnessed at any fair in this section of the country before. Among the attractions will be seen the great aeroplane flights, a marvel of the Twentieth century. To secure this attraction alone cost more than \$1,000 and it is one of the most sensational and during feats of modern times to see a man traveling through the air faster than a passenger train can run. No one can afford to miss seeing the birdman fly. That is why everybody will go to the Fulton County Fair.

Again, there will be four big races daily. The greatest array of running, trotting, and pacing horses are already on the grounds in training and the large purses are very attractive.

The Floral Hall exhibit will be an attractive feature, as well as a magnificent display of fine stock in the show rings. Good music all the time. Lots of shade. Large amphitheatre. Everything to make one enjoy themselves.

Make arrangements now to meet your friends at the Fulton County Fair, Aug. 29 to Sept. 2; they will all be there, and by all means don't fail to see the great airship with its passengers flying thousands of feet in the air. It will be a great sight and maybe you will not have such an opportunity again.

The Fair Company has arranged with the railroads for special low rates for all and you can attend the Fulton County Fair at a very small cost.

### Final Settlement.

All persons or firms holding claims against the estate of Robt. H. Speight deceased, are hereby notified that said claims must be presented to me in proper form on or before October 1, 1911, or be forever barred. Claims may be mailed to me at Bandana, Ky.—H. H. WHIPPLE, Administrator. 9-1-11

### Half a Loaf.

Speaking of the recent convention held by the Democrats of Fulton county, Editor Walker of the Clinton Gazette says editorially:

The Democratic convention of Fulton county held at Hickman on Aug. 12 had a surprise ready for Mott Ayres, who found his little bunch overwhelmed in numbers by anti-Ayres Democrats who gathered to make one more effort to unhorse the boss. They did it so effectively that the Ayres crowd beat a retreat. But when the regular delegates reached Louisville they found Ayres and his gang on the ground claiming to hold the credentials and demanding seats as delegates. The best that could be done was to compromise and give each faction half the vote. This was unfair to the regular delegates, but it was the best solution possible. We think it a big step forward for the real Democracy of Fulton county. Half a loaf is more than they could ever get before and next time they ought to be able to get it all. We think the fight was worth making and it is bound to result in the complete rout of Mott Ayres and his swashbuckler crowd.

Days That Are Gone.

What a quaint little picture, and how funny clothes. Yes, that is a picture of sister Elizabeth and myself, when we were kiddies, more than a year ago than sister or I would care to acknowledge. We have only a few pictures of our family taken in our youthful days, as having our pictures taken then was a serious proposition, entailing much scrubbing of our faces, and the wearing of our comfortable "best clothes." No, I don't have a single picture of the old days taken when we were all there, and one taken once by a travelling photographer but it got lost somewhere.

You and I, and the rest of us, when we would give a good deal for a picture more substantial than mere snapshots of our youthful days. I don't think it is fun to see just how we looked in those days. All the different stages from the time of our first picture to our initial array in real dress attire? And wouldn't you like to sit down with a whole lot of pictures of the good old home days, and see your brother or sister, or your father in everyday garb enjoying his paper; Sister Bess and the rest of us grouped around the piano, or of good old Rover stretched out in comfort on the hearth rug. And wouldn't it have been great if we had a Kodak in those days? As things as Kodaks are now, there is no excuse for depriving the children of today of such pictures. Own one for their benefit. Helm & Ellison have them at from \$1 up, and even if you only made one picture of that size for the home scenes of today, it would be a priceless treasure to you in years to come. Get one today.

Miss Zula Pickens returned to her home in McKenzie, Tenn., Saturday, after a pleasant visit with Mrs. S. M. Helm.

CHIEF DUTY OF SHEPHERD

It is to shear the sheep, according to Children of Whom Dr. Jowett Tells.

Rev. Dr. Jowett, at a dinner in New York, said, apropos of his salary: "The cost of living is so high over here that I have decided, after all, to accept the generous salary that I first declined. I hope that this acceptance won't call to my congregation's minds, however, the story of the sheep."

"A minister, you know, was once addressing a Sunday school. It was a Sunday school of little children, and the minister in his address desired to compare himself to a shepherd, and his congregation to the shepherd's flock."

"What are these beautiful animals?" he said, pointing to a drawing on the blackboard.

"Sheep! Sheep!" chorused the children.

"And the cloaked figure in the foreground—what is he?"

"A shepherd!" the children cried.

"Exactly," agreed the minister, beaming with satisfaction. "And now, dear children, can you tell me what it is that the shepherd does for the sheep?"

"A score of little mouths opened wide, and a score of treble voices cried shrilly:

"He shears 'em!"

ITCHING SKIN QUICKLY COOLED.

Hot weather means skin trouble for many people, but now you can stop the itch instantly.

Our local photographer, J. M. Pullen, has just finished getting out several new local views on post cards, which are creditably executed. Pullen is a hustler, alright.

T. A. Ledford informs us that he has sold three lots in his new town of Ledford, Ky., located on the new railroad. F. A. Reed has purchased a lot and will put a general merchandise store on it. P. C. Ward has bought a lot on which he will erect a fish and ice house.

Little Sam Barry, son of W. J. Barry and wife, fell from a horse last Thursday and shattered the bone in his right arm. Just a year ago, Aug. 17, he fell from a swing and broke both arms. Aug. 17th seems to be Sam's unlucky day, and we advise him to stay in bed on that date. He is getting along as well as could be expected.

It is amusing to hear a man say that he does not believe that it pays to advertise. All the great business concerns of the world believe in it to the extent of hundreds of thousands of dollars each year, and most of these were once small concerns, their business having been built up largely by the use of printer's ink. It is rather amusing, then, to note the egotism of the man who, with a limited experience and limited capital, dares to put his business judgement against that of the most successful men in the business world. The once a year advertiser, who attempts to prove that advertising does not pay because he has failed to get results from a single advertisement is like the fellow who tried to prove that the world did not revolve, by pinning a pumpkin on a stump and staying up all night to see that it did not fall off.

Ky. State Notes.

Louisville.—The announcement that a prominent local architect is now busy preparing plans for a 25-story office building to be erected in this city was made by Col. Robert J. Tilford, building inspector. Col. Tilford said he has reliable information the building will go up. He declined, however, to make public the name of the architect or those who are identified with the enterprise.

"You can rely on what I say, the building will be erected," he said. "I am not in a position now to tell who is behind the undertaking, but it is a certainty."

Col. Tilford said the new structure, which will be the tallest in Louisville if it is erected, will occupy a site somewhere in the central portion. It will cost about \$500,000 and will be erected by Louisville men.

**LIGHTNING BOLT DESTROYS HOME.**  
Fire at George D. Todd's Country Residence Entails \$30,000 Loss.

Louisville.—"Knob Edge," the handsome country home of George D. Todd, former mayor, situated on the knobs, four miles north of New Albany, near the New Albany and Paducah pike, was struck by lightning and destroyed by fire, entailing a loss of \$30,000. Two New Albany fire department was notified and Capt. John Kraft, accompanied by some of the firemen, went in an automobile with a Johnson pump to the scene of the conflagration, but by the time he reached the burning building the flames had made such progress that it was useless to attempt to save the house.

**HARDIN COUNTY FAIR.**  
Every Stall Filled With Show Stock at Elizabethtown.

Elizabethtown.—The 26th annual Hardin county fair opened at the association's grounds, under most favorable auspices and ideal weather conditions.

Every stall on the fair grounds is filled with show stock, and the rings will bring forth some of the classiest horses and cattle in Western and Central Kentucky. A large crowd gathered for ladies' day.

**WILD ONIONS IN WHEAT.**  
Glasgow.—A number of wheat crops in Southern Kentucky are about to become worthless by wild onions having grown into the wheat lands. Several of the farmers will dry the wheat thoroughly and attempt to separate the onion seed from the wheat. However, this is a very tedious task, and it is hardly probable that it can be done successfully. In case the wheat is unfit for bread purposes it will be fed to stock. W. H. Jones, of Glasgow, is about to lose his entire crop of some 300 acres.

**BLUE GRASS FAIR OVER.**  
Lexington.—Cloudy skies and a shower of rain had the effect of reducing the attendance at the Blue Grass fair on the last day, but a large number of people attended. The fair ended with the record of having had the largest attendance of any fair ever held in Lexington.

This was "Thoroughbred Horse day," and the great stock farms located in this vicinity sent many of their most valuable and famous horses to compete for the prizes in the breeding classes.

**RICHMOND TO HAVE FAIR.**  
Richmond.—It has been decided to hold a fair in this county. Sheriff David A. McCord has been elected president; Earl Curtis and J. B. Walker, vice presidents, and James A. Crutcher, secretary. Arrangements are being planned to offer the biggest premiums ever known here, and every form of exhibitable stock will be on display. The dates set aside for the fair are September 7, 8 and 9.

**SHOT AND KILLED BY FARMER.**  
Taylorsville.—In the presence of a large crowd John A. Cottrell, a farmer, shot and killed George Pau, his former employe, at the Spencer county fair after a quarrel over money.

**DYNAMITE KILLED ONE.**  
Two Others Hurt in Accidents, One of Them Fatally.

Hopkinsville.—Nelson Orendorff was instantly killed and Bill Lang was fatally injured by a dynamite explosion when digging a well.

Fatal injuries were sustained by Sam Dean, fireman at the Crescent mill plant of the Hopkinsville Milling Co. when an exhaust pipe exploded and he was struck in the head by some of the heavy brass connections.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODBATT, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

## WILSON'S STORY ON RUSBY DEAL

SECRETARY DENIES HE KNEW DETAILS OF CONTRACT WITH EXPERT.

### FAILS TO REMEMBER ITEMS

Secretary of Agriculture, Testifying at Wiley Inquiry, Declares He Was Too Busy to Take Notice.

Washington, Aug. 22.—Secretary of Agriculture Wilson told the house investigating committee of the trouble in the department of agriculture over the proposed dismissal of Dr. H. W. Wiley, chief of the bureau of entomology, because of an alleged illegal contract for the employment of Dr. H. H. Rusby, a drug expert, at \$1,600, under an arrangement to work only 80 days a year.

Dr. Wiley testified that Secretary Wilson at first approved a salary of \$2,000 for Dr. Rusby instead of \$1,600. "I don't remember anything about a \$2,000 contract," said Secretary Wilson. "I don't say he did not bring such a contract to me, for we are busy from morning to night," he added that all he remembered about employing Dr. Rusby was that Dr. Wiley came to him with a statement that he had an arrangement to employ Rusby.

"I did not know the details," said the secretary. "I had to depend on my subordinates for that."

### ARMY OFFICER KILLS SELF

Capt. F. T. Thornton Takes Poison Following Surrender of His Sword.

Tacoma, Wash., Aug. 22.—Disgraced and under arrest for conduct unbecoming an officer, Capt. Frank Thornton of the sixty-third company of coast artillery, committed suicide in his room at Fort Worden by taking chloral hydrate. Friday the captain was disgraced on the parade grounds at Fort Worden by having his sword taken away. This followed a period of alleged drunkenness and his appearance on the parade grounds in an unfit condition.

Captain Thornton served in the Philippines with the California volunteers, entering the regular army there as a second lieutenant.

John Patton Tells Wife He Is Jealous, Then Goes into Back Room and Takes Acid.

St. Louis, Aug. 22.—John Patton, 21 years old, 3631 Cozzens avenue, smiled as he scolded his wife Sunday evening. He told her he was jealous. She did not take her husband's remarks seriously.

"You'll be sorry for this," he said, as he started for the back room. "I'd rather he dead than have you treat me this way."

A few minutes later Mrs. Patton found her husband dead. He had swallowed carbolic acid.

### Brown--Mitchell.

The many friends of the contracting parties were greatly surprised when they learned that Miss Marine Brown and E. Allen Mitchell, both of Hickman, were united in marriage at Union City, Friday afternoon at 4:45.

The couple had held their plans so cleverly that none suspected that their courtship of several years was so near a happy consummation. Miss Rose Harper, of Union City, had been visiting Miss Brown for several days, and it "just happened" that Miss Brown decided to accompany her visitor home and "spend a few days" with her. They left on the morning train. The same afternoon, Mr. Mitchell made a "business trip" to the city, accompanied by Circuit Clerk Morris. The rest is understood. Rev. Brinkley, of the Baptist church, united the happy pair in the parlor of the Palace Hotel, in the presence of only Miss Harper and Mr. Morris.

They left the same night for Owensboro, Ky., to visit the groom's father, D. F. Mitchell, and other relatives. From there they go to St. Louis for a short stay.

Mrs. Mitchell is a daughter of Mr. and Mrs. J. H. Brown, and is one of the sweetest and most sensible young ladies of our acquaintance. She was reared in Hickman, and is deservedly popular, having a large host of friends. She will certainly meet all the requirements of a good wife. It occurs to us that "Mitch" has every reason to congratulate himself—but then some folks seem to have been born under the proverbial "lucky star."

In justice to the groom, we will say that he is a clever young fellow—but not by any means as good looking as his bride. He has been in Hickman about three years, coming to this city from Owensboro, Ky. Until the past few months, he was local agent for the Lee Line Steamers, but resigned to accept a clerical position with the Bryant-Pollakus-Furk Grain Co. of this city. In short, Mr. Mitchell, is a quiet, hunting young man of good habits, and has a promising future before him.

Announcements state that Mr. and Mrs. Mitchell will be at home in Hickman after September 1st.

The Courier joins their many friends in wishing them a long life of peace and contentment.

# THERE IS CONTENTMENT WHEN THERE IS MONEY IN THE BANK

Copyright 1909, by F. E. Zimmerman Co., No. 43

THE possession of a Bank account brings a contentment which means more than simply a feeling of independence. Worry hurts more than work and does you no good. So no matter how hard you work, you accomplish very little as long as you worry, and for this reason the contented person is always successful. When it is so easy to start an account at our bank and means so much toward your happiness and success, why put it off longer?

## Pro and Con.

A short time ago we made comment upon the fact that some Hickman merchants, in certain instances, were charging too much for their goods. There was rejoicing in the ranks of some of the mail order folks when they mistook our position. The Courier is for home trade—first, last and all the time, except in such instances as referred to above, which are vastly in the minority.

Away back in the early days of the world there was a man who killed his brother and when asked where the brother was he cried "Am I my brother's keeper?"

The same question has come down to this day and the man who helps kill his home merchant and his home town by sending his patronage away to some far off city raises this same excuse, "Am I my brother's keeper?"

The good book says "Beware of one another's burdens." So we have scriptural authority for standing together as a community. And this obligation has rested upon people ever since the world was created. The instinct of self preservation was born in men, and very early they banded themselves together against a common enemy, arranging their homes so that they would be protected from attack, and as time went on and cities grew, building walls around those cities for greater protection.

So the obligation to stand together as a community is just as strong today. We do not have to build walls to keep out marauding bands, but we do have to have a common treasury in order that we may have an armed force to preserve order, in order that we may have a central authority to execute our laws, in order that we may have custodians of our common property.

And what has this to do with trading at home? Everything. Did you ever stop to consider what would be the result if everyone traded with the mail order houses? There would be no home merchants. They could not exist without customers. Store buildings would become vacant and would fall into decay. No new ones would be built because there would be no demand for them. Widows depending upon the income from their business houses would suffer want. Children depending upon them for an education would go without. Revenue from taxation upon these buildings and the

## THE HOME MADE VACATION

stocks they should contain would cease. The city would have less to run its government. There would be less revenue to maintain the schools. Our streets would be neglected, and we could not afford to fight them. We could not enjoy fire protection for few could not pay hydrant rental. School teachers would have to take gradually reduced salaries until they received none, for towns would languish and die under such treatment. Public spirit, town pride would cease, the newspapers would die. People move away to the great cities, for the empty buildings, and the hopeless future would be depressing in the extreme. There would be no incentive for a man to live in the town under such circumstances.

The mail order houses would of course thrive. There would be fortunes in it for a few. They would soon form a great mail order trust, and after all of the small merchants were dead and they had thus destroy-

ed all competition they would fix prices to suit themselves. Then instead of selling cheaper, as it is claimed that they do, they would sell for just as great a profit as they desired.

It is a fallacy to say that one should trade where he can buy the cheapest. The first price is only one element in the purchase of commodities. Keeping the money at home is or should be a powerful factor. Trading with those who deal with us should be another. We should bear each other's burdens. We should help the home merchant because he needs our help just as he helps us when we need his help.

No sensible man or woman should be caught by the plea of these mail order houses.

Go carts, hammocks and porch swings.—St. Louis Furnishing Co. "sells it for less."

## Circus Coming.

The biggest day of amusement this year in Hickman will take place on Monday Sept. 18. This will be the occasion of the visit of the famous Sun Brothers' World's Progressive Shows. This popular tented exhibition is now on its twentieth annual tour and the assertion is made by the Sun management that the show is richer and newer in all departments. Each succeeding season a new company of artists are engaged for the Big Top performance. This season all previous efforts are eclipsed. In fact they outshine them all. The Zoologic and Wild Beast display is a mammoth one and serves to introduce the greatest and most select collection seen here in a decade.

The show owns its own special train of magnificent sixty-foot cars, including stable cars, flats, baggage and animal cars and Pullman sleeping coaches, all of these being elegantly furnished.

Over one hundred men, women and children performers take part in the show. The special, or big display, acts are given by illustrious European and American headliners. The wild beast section is a noteworthy feature and is educative and unusually attractive, with many odd subjects, never before exhibited in America.

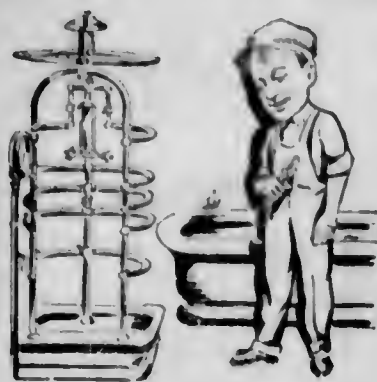

From many exchanges at hand, and other reports, the show is a good one, in fact one of the best traveling today in America. The officials and amusement goers generally welcome the Sun Brothers' Show with open arms, because of its great cleanliness and freedom from gamblers, grafters and immoral issues. Two performances will be offered, afternoon and night at the railroad "Y" in West Hickman.

"Give him something to stop his pain? My dear sir, you don't understand. I had occasion to take a lady to lunch one day last week—oh, it was a business matter, nothing more—and this chap saw me. Well, the next day he happened to meet my wife, whom he knew before she was married, and he mentioned that he had seen me and wanted to know what the other lady's name was. Of course, I—"

The Courier's Weekly Sermon  
by PASTOR RUSSELL  
SUBJECT

## WHERE ART THOU?

Sinners Are Fearful, Saints  
Are Joyful on Hearing  
God's Voice.

St. John, N. B. August 20th Pastor Russell of Brooklyn Tabernacle today addressed large assemblies of 10-15 students. Many students of his books and of his widely published sermons came from neighboring cities to hear him. We report one of his addresses from

God's words to Adam, after he had sinned and sought to hide from his Maker "Where Art Thou?" (Genesis III, 9)

The speaker declared that fear is one of the greatest maladies to which humanity is subject, and he quoted the Apostle's words, "Fear hath torment." Although people differ greatly in their mental makeup, the Pastor believed that fear is common to all mankind in some form or other. The only exceptions he admitted are the saints of God, who have turned from sin and given their all to the Lord as followers of Jesus. These gradually come to understand their Maker and to have confidence in His loving provisions for them in all their affairs. As love comes into their hearts fear departs. As the Scriptures declare, "Perfect love casteth out fear."

Although no human being is perfect, for all have sinned and come short of the glorious standard, none are totally depraved. An element of the Divine character still remains in all. All have some realization of right and wrong, and some appreciation of responsibility to do right and to avoid wrong. Whenever sin is committed, with it naturally and properly goes some appreciation of Divine displeasure, of unworthiness of Divine love and favor. In such hearts there is of necessity a restlessness, because humanity is so constituted as to crave the superabundant and love of an All-Wise and All-Powerful Creator.

Adam, the Sinner, Ashamed.

The Scriptures clearly inform us that although Mother Eve was deceived by the Serpent, Father Adam was not. The Serpent represented to Mother Eve that God was striving to keep His creatures in ignorance, and recommended disobedience as the road to knowledge and happiness. Mother Eve, unacquainted with her Creator, was deceived into disobedience to His command.

Father Adam, not deceived, understood perfectly that the wrong course would not bring happiness, but the death penalty. His deliberately willful sin was evidently prompted by love for his wife. He put his wife in the place of his Creator, and sacrificed his life to share her penalty.

The guilty pair realized their unworthiness of further Divine favor—their unworthiness of the fellowship of

their treasure which they lost previously enjoyed. They hid from God. So, said Pastor Russell, it is with all sinners. They endeavor to hide from God.

The Times of Restitution.

Adam was not a murderer, and even if his crime might be called a theft, it was a small one—only an apple. Had he been imperfect, as are his children today, his penalty might seem unjust. We are to remember, however, that he was perfect, and that his real crime was disobedience. God's voice calling to the sinner should be hearkened to, for although He speaks in tones of justice, He tells also of "Love Divine all love exceeding." It assures us that our Creator has not forgotten us nor entirely cast us off because of sin.

Such of our race as are in the right condition of heart listen to the voice of God and retrace their steps, seeking to return to Divine favor under the call of this Gospel Age to become joint-heirs with Jesus Christ their Lord and Redeemer as members of His Bride. It is these the great disaster of sin and its death penalty may be overlooked and speedily remedied, which will permit them to return through faithful following in the footsteps of Jesus, the glory, honor and immortality promised the elect.

But a very large class fall entirely to hear God's voice. Many of them have gotten into a condition of darkness and doubt. Others have very imperfectly understood the Lord is merely breathing fire out threatening against them. None of these can be blessed at the present time. But the Bible informs us that it is our duty to let any sinner go without hearing His voice of mercy. Hence He has provided that those who, for any reason, cannot hear His voice and be blessed by the High Calling of this Age must ultimately wait.

Accordingly the Bible tells us of God's merciful arrangement for the Kingdom of Messiah, which will bind Satan and set at liberty the prisoners of sin and death, and bring all to a clear knowledge of the Divine character through the blessed opportunities provided in the Millennium. All the blind eyes will then be opened, and all deaf ears will be unstopped. Restoration to human perfection and to an earthly Eden everlasting will be offered to the obedient, and wilful rejectors will be utterly destroyed (Acts III, 19-23).

### "IN A BAD WAY"

Many a Hickman Reader Will Feel  
Grateful for This Information.

When your back gives out;  
Becomes lame, weak or aching;  
When urinary troubles set in,  
Your kidneys are "in a bad way."  
Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth.

J. J. Owen, 113 E. North St., Mayfield, Ky., says: "I suffered severely from backache, particularly if I stooped, and at night I could not rest on account of the pain in my loins. I longed to get rid of the trouble, but was unable to do so until I used Doan's Kidney Pills. In a short time this remedy entirely relieved me of the annoying backache." (Statement given in July, 1903.)

### CONFIRMED PROOF.

On May 14th 1907, Mr. Owen was interviewed and said: "What I stated through our Mayfield newspapers in the summer of 1903 about Doan's Kidney Pills still holds good. During the four years which have since elapsed there has been no recurrence of my trouble and in view of this fact, I again highly recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Fine Bottom Farm of 156 Acres  
Well Improved, Already Stocked  
For Only \$35 an Acre....

Owner has other business opportunities and will sell this place at much less than it is worth. It can be had with buildings, stock, farming implements and poultry already on it.

Two residences on place, in only moderate repair, but two good barns, one 36 and the other 32 feet, with sheds on sides. Nice young bearing orchard, 50 bushels apples, plenty of plums, etc. 100 acres of the place in cultivation; produces 60 bushels corn, a bale of cotton per acre—also alfalfa, oats, wheat, potatoes and all other crops of this section. A fine stock farm, now stocked with registered hogs of three kinds, live stock and about 200 chickens, guineas, etc., which may be bought with place. All under good American wire fence, but outside is a range of 5,000 acres for stock. Three good wells and pumps on farm.

Land is next to river, but is being added to yearly by river deposits. No better soil under the sun. Place will stand any kind of investment you may care to make.

This is an extremely low price, as low as any unimproved land, but absolutely nothing wrong with the farm or its title. Makes a good crop every year. If you want either a Fulton county farm or a good investment, it will pay you to buy this place.

## MOTOR CAR USED IN 1861

Elijah Ware Raced Machine Against Fast Horses Nearly Fifty Years Ago—Was Success.

"It is generally understood that the era of the motor car dates from 1870, but it has recently been found," said Jesse W. Perkins of Portland, Me., to a Washington Post reporter, "that Elijah Ware, once a well-known railroad construction engineer in Boston and vicinity, invented a very successful machine in 1861.

"Its success may be judged from the fact that Mr. Ware was in the habit of racing his car with fast trotting horses on the old plank road at Bayonne, N. J., and was able to go over fields, up hill and down dale. He was always thinking of some mechanical schemes, but could not order his groceries without being cheated or imposed upon. The house is still standing where he built his auto. The machine's appearance, when completed, resembled a modern fire engine more than an automobile. Wood was used for fuel, and a small iron boiler generated steam for the oscillating engines. With the steel and brass machinery and gayly painted woodwork it must have had quite a dashing appearance.

"When Mr. Ware completed and first tried his engine a crowd collected to see the first run. As a whole the people looked unfavorably at Elijah's achievement, and some went so far as to have it denounced by police authorities as a public nuisance, because they thought it would frighten the horses. But it seems that the people who tried to help him were the most annoying. When one man asked 'if there was anything for 'im to do,' Mr. Ware replied, 'The trouble is there are too many trying to help.' Mr. Ware ran his machine very slowly in the streets, and those who saw him say that his steam carriage made less noise than the modern automobile. On the roads he went like the wind, according to witnesses in the country. The people under stovepipe hats and poke bonnets must have been surprised when the glittering engine came whizzing along the peaceful roads, without rails, kicking up dust and vomiting smoke wherever it went."

## SURE SIGN OF CONVERSION

If the Seeker for Salvation Tries to Remove His Tattoo Marks, He Will Stick.

After a month of doubt as to the new convert's sincerity the missionary made up his mind that he was going to stick.

"He is trying to find some way to remove tattoo marks," said the missionary. "That is a sure sign that he means business. Tattooing is not necessarily incompatible with religion, but a lot of converts seem to think it is and are anxious to shed those marks along with their bad habits. Pagan designs that they picked up in tropical countries strike them as especially irreverent.

"The average convert can worry along pretty comfortably with mermaids, anchors, and other emblems of the sea printed on his arms, but heathen gods and goddesses afflict his conscience sorely. In some cases of tattooing there is a repeated application of tannin that will remove the marks, but that is not always effective, and many a sincere Christian has to go through life with the picture of a heathen idol on his forearm."

Mrs. Nannie Klingman, Harry Ellison and J. H. Elliot went to Louisville, Sunday.

## MAKING IMPROVEMENTS

Methodist Church Undergoing Some Needed Repairs.

The First Methodist Church is undergoing a large improvement this week, which will cost several hundred dollars. The furnace is being put in good repair, a new steel corrugated ceiling being put on, new carpets laid new pews added and a number of other things.

On account of this work being under way and interior of the church in no shape for holding services, the regular services will be held at the Court House Sunday. Sunday School at 9:45, and preaching by the pastor, Rev. G. W. Wilson at 11 a. m. and 7:30 p. m. You are invited to attend the services.

## LEGS CUT OFF

Falls From Freight Train Near Mayfield.

A young white man giving his name as J. W. Proctor was probably fatally injured yesterday morning about two o'clock near Mayfield, while standing on a south bound freight train.

He fell from the train and both legs were horribly crushed, necessitating amputation.

The injured man was taken to Fulton and carried to the offices of Drs. J. R. and Horace Luten, I. C. railroad surgeons, where the mutilated limbs were taken off. He is 22 years old and gave his home as Morganfield, Ky.

After the accident, which was unknown to the train crew, Proctor lay on the ground where he fell from two o'clock until about 4:30 at which time he was seen by another engineer, who stopped the train and picked him up.

He will probably die.

It is rumored that Proctor City, a small burg located on the new railroad, will have a large hotel in a short time. It is the intention of three railroad companies interested in the project to make Proctor City a pleasure resort, since it is located on Reelfoot Lake. The little town is in Tennessee between Hickman and Tiptonville. If the plans are carried out and backed by the three railroad companies, it will be a success.

## FROM CENTER OF FASHION

Little Ideas in Costume Details That Have Come Across the Ocean From Paris.

Handbags are shown to match costumes, being formed of the same fabric and color. Fabric bags, in other words, are to have the upper hand this spring, sometimes combined with leather, the leather forming a skeleton through which the fabric shows.

The new bags are large and have long cord handles. Many are trimmed with fringes and tassels, tassel cord ornaments, embroidery, braiding and cordings are seen on metal cloths, antique brocades and printed and plain linens.

Colored rattail cord is combined with shades of linen to match, for wear with lingerie dresses.

Plain leather belts are fashionable, especially in black and white. Black patent leather is also combined with bright red, blue, purple and yellow.

The new belts have deep points running from the front toward the back, and almost encircling the figure. Simple metal buckles are used with these belts, principally in dull silver and gunmetal, to go with the black and white.

Many of the new buckles imitate the buttoned effect, really fastening by a clasp, but seeming to do so by means of buttons and buttonholes. Other buckles are seen in translucent colored enamel.

Metal belts have come back with the bolero, closely fitting and hanging rather low at one side.

## DOTTED VEILS BACK AGAIN

Cobweb or Shadow Meshes Used by Those Who Follow the Prevailing Styles Closely.

Chenille dotted veils are in again, and cobweb or shadow meshes are still distinctly the proper thing. Woven, chenille or velvet dots are seen, or novelties such as a black veil in alternating blocks, two inches square, of different meshes, the whole run over with a floral design in white silk. The same idea is shown in black on white, and black and white combinations as a whole are in favor.

Fillet meshes, both in plain square mesh and in complicated hexagonal designs, or in star patterns formed by vertical and horizontal threads, are favored by the modish dame de Paris. Lace veils are also worn, especially in black and white.

Fancy scarfs in net and chiffon with printed borders in color remain in style—and long may they flourish! One new idea is a chiffon scarf in flat artificial flowers applied in an irregular border. Wild roses of thin silk on a green satin scarf is another beautiful Parisian novelty. Embroidered ends are also stylish, the embroidery being often combined with round and spindle-shaped cotton beads.

Our local planters are already experiencing the usual trouble of getting cotton pickers. A number of negroes have been imported this week from other sections, but more are badly needed.

## BIRD MAN FALLS

At Fulton Fair. Machine Wrecked but Aviator Unhurt.

F. A. Wildman, of New York, the aviator, putting on the star attraction of the Fulton fair, fell about 40 or 50 feet yesterday afternoon while making a flight and wrecked his machine, though the aviator escaped with slight bruises. Wildman was scheduled to make a flight Tuesday, but a strong wind prevented his making the attempt. He undertook the exhibition yesterday afternoon and after covering a short distance something went wrong with the machinery precipitating the machine and its occupant to the ground. Hundreds of people rushed to the scene of the accident to learn the result. The aviator crawled out of the mass of wires and torn cloth, and dispatched a messenger to wire for another machine. If the new machine arrives in time, he will make another flight today.

Those in attendance pronounce the fair a great success. The races are said to have been especially good. Something over 5,000 tickets were sold Monday, the opening day.

H. N. Cowgill and wife left today for Nashville to visit her sister. Mrs. Cowgill will probably spend several weeks there.

Hickman is well represented at the Fulton fair today; in fact, good crowds have been going from here every day this week.

Misses Anna and Martha Emily Dodds entertained quite a number of their friends at a picnic at Sulphur Springs one day last week. Those present were Richard and Logan Prather, Irene and Mildred Thompson, Myra Park, Anna Lynn Dodds, Murry Johnson, Balthaz Dodds, Celeste Roberts, Olney Johnson, Helen and Frances Rice, Thelma Balthaz, Bessie and Louie Choate, Ralph Balthaz, Allison Tyler, Alice Prather, Helen, Ray and Mozelle Hamby, Margaret Johnson, Virginia Hoogher, Mollie and Lavern Clay, Anne Russell Moore, Ruth and Camille Barrett, Thelma Barnes, Clara Margaret Johns. The youngsters had a great time.

## O'REAR SPOKE HERE

Republican Candidate for Governor at Hickman.

Judge Ed C. O'Rear, Republican candidate for Governor of Kentucky, addressed a small audience at the Lyric here last Tuesday evening. His speech was devoted largely to condemnation of the liquor interests controlling state politics—both of his own party and the Democrats. He complimented the latter on taking a stand against this evil, and Judge O'Rear is likewise to be complimented for the fearless manner in which he showed up the evils of liquor at present.

The Judge is undoubtedly the strongest man his party has in this state. He is a plain, sensible gentleman and his only misfortune is his political loss; he was probably "in the wrong" last time.

While in Hickman Tuesday, the territorial candidate was a guest of Mr. and Mrs. J. T. Stephens and company, of our business men. He also yesterday afternoon at Clinton, and was driven over in Mr. Stephens' car, Wednesday morning.

Pay your taxes now and save for their costs.

The infant son of Mr. and Mrs. Harlan Burgess, of West Hickman, died yesterday and will be buried at Brownsville today. The little fellow was only a week old.

Mrs. Wood M. Jones, died at her home near Moscow, Friday last. Deceased is survived by one son, Eugene, who will be remembered as having made the race three years ago for representative. Mrs. Jones was 79 years old, and had resided in this section since 1849. She was a member of the Baptist church and a good woman.

### MILLET & ALEXANDER

Wm. Stoker, the contractor and  
builder of the new \$3500 school build-  
ing in West Hickman, given us  
through the liberality of Gen. H. A.  
Tyler, tells us that the new building  
will be finished this week. It will be  
ready for use on the opening day of  
our public schools—Sept. 18th.

One good way to put the lid on af-  
finity is to punish the man when  
he is caught. If Hattie goes acot  
free from his trial, an epidemic of af-  
finity and wife murder may be ex-  
pected. There is more of this busi-  
ness than most people would suspect,  
too.

Hickman Courier and Commercial. Aug. 11, 1911.

#### HEIR TO FORTUNE

Lady of Nearby City Will Receive \$250,000.

The present indications are that Mrs. E. H. Owen, of Arlington, well known to several people in Hickman, who was Miss Lizzie Calvert before her marriage, will fall heir to a magnificent fortune of \$250,000. This is her share in the estate of Sir George Calvert, which consists of 5,000 acres of land in the city of Baltimore, Md., valued at \$12,000,000. He received the tract of land from the King of England. It was leased for 99 years and the lease expired years ago, since which time there has been litigation by the heirs to enforce a settlement of the estate. Miss Calvert, a well-to-do citizen of Scott county, and a relative of Mrs. Owen, is now in Baltimore looking after the interests of the Kentucky heirs, and it is understood that the estate is ready for settlement and that the heirs will receive their fortunes not later than November.

W. C. Johnson, City Treas.

The Clerk reported that he had executed the following deeds to Cemetery Lots and that he holds Supt. Tom Dillon, Sr., receipt for same:

D. W. Tucker, east half of lot No. 269, size of half lot 20x20 feet, consideration, \$16.

Porter Smith (col.) Lot No. 454 in Colored City Cemetery, size of lot 18x20 feet, consideration \$14.40.

On motion the foregoing reports were received, ordered spread upon the records, published and filed.

The following ordinance was introduced and read, and on motion ordered spread upon the records, published and lay over until next regular meeting for action:

The City Council of the City of Hickman, Ky., do ordain as follows:

That it shall be unlawful for any person driving horses, mules, cattle, sheep or hogs through the streets of the City of Hickman, Ky., to permit said horse, mule, cattle, sheep or hogs to go upon any of the sidewalks of the City of Hickman, Ky., except in places provided for animals to cross said sidewalks, or to go upon private property of any person except the owner thereof or the property upon which said animal may be kept, and any person so offending shall be guilty of a violation of the city ordinance and upon conviction be fined Five Dollars and costs.

Motion was made and carried that the Mayor appoint a committee to investigate the advisability of annexing additional territory to the city, and if they deem it advisable, employ an engineer to run out lines and measure distances and make report at the next regular meeting.

The Mayor thereupon appointed the committee.

On motion Council adjourned.

Attest: H. C. Helm, City Clerk.

Tom Dillon, Sr., Mayor.
